Dear members of the Arizona Corporation Commission,

I am writing to ask you to please vote no on the proposed APS rate case settlement.

It is important to note that this settlement is not in the best interest of small businesses. It is also not in the best interest of residential customers.

APS does not appear to be leading by example. Instead of spending millions of dollars on elections, it should be investing those millions of dollars into a more energy efficient future – one that will reduce the bills of businesses and residential customers and will avoid expensive new capital costs.

Yours Truly,

  
Orlando Ivez
